Made for the great outdoors the STEALTH SURGE Sound Bars are designed to be simple & easy audio options for your vehicle. The STEALTH SURGE Sound Bars are the true High Performance 2-wire 12 Volt stealth audio system!

We appreciate your passion for great audio! Thank you for choosing Wet Sounds for your high performance audio needs.

**For further questions, please call 1-877-938-7757 or visit
www.wetsounds.com**

Wet Sounds STEALTH SURGE Soundbars use an operating voltage of 12 volts

Weight - 20 lbs

Installation

A. Mounting

1. Fit the appropriate tube clamp around the front strut in the desired location. ***Note: you may need to remove bolts connecting the top to the front strut to complete this step.**
2. If a sliding adapter was supplied in your kit, you will need to loosely fasten it to the sound bar, and then to the round tube clamps installed in step 1.
3. Ensure that the sound bar is in the desired location, then tighten all hardware.

B. Wiring

1. If installing on an electric vehicle, switch it into TOW mode. Carefully remove the Positive (+) then Negative (-) battery wires.
2. **A. If installing on a gas vehicle**, wire the Negative (Black) wire to the Negative (-) battery terminal and the Positive (Red) wire to the Positive (+) battery terminal.
B. If installing on an electric vehicle, wire the Negative (Black) wire to the Ground on the DC-DC Converter and the Positive (Red) wire to the Positive (+) post on the DC-DC Converter.
3. Route the thick Blue Input cable to your desired location. The Input cable should be connected to the appropriate audio output on an external controller, Head Unit, or even an additional Wet Sounds STEALTH ULTRA Sound Bar.
4. The Thin Blue Remote In wire is to enable the SURGE Sound Bar to be powered on. It should be connected to the Remote Out lead on an External Controller, Head Unit, or Stealth ULTRA Sound Bar. The SURGE Sound Bar will NOT power on unless this thin blue wire receives a +12V turn on signal. The LED Power indicator on the front panel of the SURGE Sound Bar will light up BLUE indicating that it is powered ON.
5. The STEALTH SURGE Sound Bar has no controls that require adjustment. All volume, equalization, track +/- and pause functions are done with an External Controller, Head Unit, or Additional STEALTH ULTRA Sound Bar.
6. Tie up all excess wires and reinstall the Positive (+) then Negative (-) battery wires. If installing on an electric vehicle, switch it back into RUN mode.

Note: DC-DC Converter is required on electric vehicles to avoid damage to the accessory and the vehicle.

What This Warranty Covers

This is a “limited” warranty. This warranty covers any defect in materials and workmanship. This warranty only covers the original purchaser and is not transferable. This warranty is also only valid if the original purchase was made from an authorized Wet Sounds™ dealer.

How Long Coverage Lasts

This warranty extends for 2 years from the date of purchase. It is recommended to REGISTER your warranty online within 45 days of purchase at www.wetsounds.com – click on “warranty registration”.

What Is Not Covered

This warranty does not cover fading or discoloration caused by exposure to sunlight or chemicals such as ammonia, household bleach, or any cleaning material that contains abrasive substances. Wet Sounds, Inc. does not cover the expense for removal or reinstallation. Additionally, shipping TO Wet Sounds, Inc. must be paid for by the purchaser. This warranty is void and inapplicable if Wet Sounds deems that the product was abused or misused; including but not limited to damage caused by accident, mishandling, improper installation, removing the inline fuse on the power connection, negligence, normal wear and tear, excessive water or heat damage, freight/shipping damage, or products that have been disassembled by anyone other than Wet Sounds technical staff. Wet Sounds will not be responsible for any incidental or consequential damages, except to the extent provided (or prohibited) by applicable law. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

What Wet Sounds, Inc. Will Do

Wet Sounds, Inc. will repair any part of your product that proves to be defective in materials or workmanship. In the event repair is not possible, Wet Sounds will replace the product in question. If it is deemed necessary Wet Sounds, Inc. will either replace the entire product with a refurbished unit or it will be replaced with a model that is similar in price if that model is no longer available. Labor costs and materials needed to complete this service will be at No Charge to the purchaser. Additionally, return shipping FROM Wet Sounds, Inc. to the purchaser will be paid for by Wet Sounds.

How To Get Service

Contact Wet Sounds, Inc. either by phone (877-938-7757) or by email (warranty@wetsounds.com). A service representative will assist you in confirming that the problem you are experiencing is caused by a defective product and if that product is covered under warranty. The service representative will issue you a Return Manufacturer’s Authorization (RMA) and other details to obtain service for your product.

DO NOT RETURN YOUR PRODUCT WITHOUT THE PROPER RETURN AUTHORIZATION (RMA)!

Internet Warning

Wet Sounds, Inc. products sold on any non-authorized web site or internet auction site are void of any and all manufacturer’s warranty. Please contact Wet Sounds (877-938-7757) or visit our website (www.wetsounds.com) for a list of authorized online sellers or to find an authorized installing retailer near you.
